

Thin sections.

Just 30 EUR per sample.

The thin sections for geology.

- ❖ Transmitted light
- ❖ Reflected light
- ❖ With or not blue dye

How to order?

First step.

Just sent an e-mail that You need thin sections with information:

How many and what kind of thin section do You need?
Is it cover thin section, uncover, for EPMA, for EBSD or else?

Second step.

Sent piece of rocks with good description where to cut them, to us. When we get rocks we prepare them to cut and we confirm the order. When the thin sections are ready we send by e-mail proforma invoice VAT and we waiting for bank transfer, when the bank transfer is done we sent ready thin sections to You.

Price include VAT tax.
